One publisher reportedly spent upwards of \$550 million dollars on marketing. If you combine that with, for example, Call of Duty's \$300 million budget, the two together equal nearly \$1 billion in terms of both development and marketing.

The next Call of Duty could cost nearly \$1 billion to launch.

Chronologically, Captain Price first appeared on October 29, 1942, in the Call of Duty 2 mission The Diverionary Raid.
