<p>The game's campaign is set in the European theatre and is centered
around a squad in the 1st Infantry Division following their battles on the Weste
rn Front and set mainly in the historical events of Operation Overlord. The play
er controls Ronald "Red" Daniels, who has squadmates who can supply th
e player with extra ammunition, health, or grenades as well as a targeted grenad
e and target spotting; none of these are automatically replenished in the campai
gn. The multiplayer mode features map locations not seen in the campaign. The mo
de also features the new Divisions system, replacing the create-a-class system t
hat previous games in the series used. A social hub, named Headquarters, was als
o implemented into the game, allowing for players to interact with each other.&l
