

# jogo estrela b

however weren't getting promising results. So before we stopped there we thought we  
higher time-frame we adjusted the G-Channel Trend detection source from close to OHLC4  
to get better average price action indication and more accurate trend direction.  
Rules - 4h timeframe. We saw best results at the recommended 1 hour timeframe.  
Entry: When POKI triggers a buy signal When G-Channel Trend Detection is in an upward  
&&
