<p>Call of Duty: Modern Warfare 3 is a 2011 first-person shooter video gam
e, jointly developed by Infinity Ward and Sledgehammer Games and published by Ac
tivation. The game was released worldwide in November 2011 for Microsoft Windows
, the Xbox 360, PlayStation 3, Wii, and OS X.[1] It is the sequel to Call of Dut
y: Modern Warfare 2 (2009), serving as the third and final installment in the or
iginal Modern Warfare trilogy and the eighth Call of Duty installment overall. A
separate version for the Nintendo DS was developed by n-Space, while Treyarch d
eveloped the game's Wii port. In Japan, Square Enix published the game with
a separate subtitled and dubbed version.[2]</p>
<p>The game's campaign follows Modern Warfare 2 and begins right after
the events of its final mission. Similar to Modern Warfare 2, it is centered ar
ound Task Force 141, which contains Captain Price, Soap MacTavish, and a newly i
ntroduced playable character, Yuri. Alongside the Delta Force and Special Air Se
rvice, they hunt Vladimir Makarov (the main antagonist of the trilogy), a Russia
n terrorist who leads the Russian Ultranationalist party. He led several terror
attacks across Europe, triggering a large-scale war between the Ultranationalist
s and friendly forces. For the game's multiplayer mode, new mode types and k
illstreak choices were brought in. Improvements were also made to the mode that
solved issues that appeared in Modern Warfare 2.</p>
<p>Using an enhanced version of Modern Warfare 2's IW engine, developm
ent for the game began in 2010 with more than one developer studio. Prior to dev
elopment, Infinity Ward co-founders Jason West and Vince Zampella left the compa
ny to form Respawn Entertainment. Other members had been fired or had left the c
ompany following the duo's departure. Sledgehammer Games had joined the Mode
rn Warfare 3 development force, with Raven Software also developing the game'
's multiplayer mode. Following a large leak containing detailed information abou
t the game, multiple teaser trailers were released, with each showcasing a locat
ion featured in the game's campaign, leading up to a full reveal.</p>
