<p></p><p></p>Non-linear storytelling</p>
<p>Gone are the classes of the past. Welcome the Pick 10 system!Pick 10 al
lows you to fully customize your own Black Ops multiplayer gameplay with numerou
s perks, weapons, grenades, and more. Craft you own perfect loadout and never lo
ok back at the rigid class systems other shooters are so eager to push you into.
Use Wild Cards to bend the rules in your favor and be validated by the knowledg
e all other players do that too.</p>
<p>Zombies!</p>
<p>For the third time in the series the zombie horde mode returns to chall
enge brave players with wave after wave of decaying dead bodies animated by some
malevolent presence.Can you hold your own when supported by other brave players
, cooperating or competing for survival? And when the TranZit bus comes in, wher
e will it take you and what will you find there? One way or another, hordes of z
ombies will be dead before you even figure out your favorite loadout.</p>
