Fruit Mania is just about the most obvious title for a slot game you could possibly think of, but if you can overcome the uninventive title, you might be in with a shot of winning a considerable jackpot.

This 5-reel progressive video slot comprises five paylines and operates on the respected Playtech software platform. The classic, fruit-themed slot might be a little too basic for players accustomed to eye-popping animations and riotous sound effects, but if you like your casino titles to be fruity with a capital F, this one is definitely for you.

Maniacal fruit;

There is plenty to recommend Fruit Mania, from its bonus round to its progressive jackpot. We will define the specific features later, though: right now, we are chiefly concerned with bringing you up to speed on the betting range.

As stated, Fruity Mania includes five reels, but rather than the customary 15 or 20 paylines, there are just five to work with. All wins pay left to right, as normal, except the scatter, which pays anywhere on the reels. The aim of the game, as ever, is to find between two and five identical symbols on adjacent reels. There is a fixed coin value of 0.25 per line, meaning the maximum bet costs just 1.25 making this very much a low roller slot. That said, the pay-outs aren't to be sniffed at. In order to be in with a shot of scooping the progressive jackpot, you will need to play on the maximum number of paylines (all five, i)

Characters and settings Modern Warfare II is a continuation of the 2024 reboot entry, with the campaign taking place in late 2024.
