Games

Sony have since launched their budget range of PlayStation 3 titles, known as the Greatest Hits range in North America,[93] the Platinum range in Europe and Australia[94] and The Best range in Japan.[95] Among the titles available in the budget range include Resistance: Fall of Man, MotorStorm, Uncharted: Drake's Fortune, Rainbow Six: Vegas, Call of Duty 3, Assassin's Creed and Ninja Gaiden Sigma. As of October 2009 Metal Gear Solid 4: Guns of the Patriots, Ratchet & Clank Future: Tools of Destruction, Devil May Cry 4, Army of Two, Battlefield: Bad Company and Midnight Club: Los Angeles have also joined the list.

Statistics regarding reliability

Sony confirmed that there was an error and stated that it was narrowing down the issue and were continuing to work to restore service.[182] By March 2 (UTC), 2010, owners of original PS3 models could connect to PSN successfully and the clock no longer showed December 31, 1999.[183] Sony stated that the affected models incorrectly identified 2010 as a leap year, because of a bug in the BCD method of storing the date.[184][185] However, for some users, the hardware's operating system clock (mainly updated fr) Tj T*

; updated manually or by re-syncing it via the internet.

A closed beta began in Europe from May 2007 and expanded to other territories soon after.[205] Home was delayed and expanded several times before initially releasing.[207][208] The Open Beta test was started on December 11, 2008. It remained as a perpetual beta until its closure on March 31, 2024.[209][210] Home was available directly from the PlayStation 3 XrossMediaBar. Membership was free, but required a PSN account.[203][204]
