Subway Surfers is one of the most popular mobile games out there, and there are plenty of reasons why. The game is incredibly addictive, with its simple yet challenging gameplay that keeps you coming back for more. Plus, the graphics and sound effects are top-notch, making the game even more immersive and fun to play.

It's very scary, but not that graphic; occasionally a character will get shot or harmed by another, but most of the violence in The Terror comes from nature: dying from a great fall, for example, or being frozen alive.
