In Halloween: Resurrection, Michael Myers

is electrocuted and burned.

In the first Rob Zombie remake, the final

shot sees Laurie aim and shoot a gun at Michael, but he

grabs her wrist just as the shot is fired, making it unclear if he was

killed. In that movie's sequel, Michael hands Laurie his knife to kill him.

Being stabbed and shot doesn't normally

remove all your blood because you can adapt and save yourself. Michael

bandaged himself in kills; if you'll recall. But Laurie sliced two of

his major arteries (and stabbed his lungs) to drain him of blood; to

make it physically impossible to breathe, thus rendering him dead.
