cielois ,

I thought the game and awesome! The screen effects really made the story

come to life. And it wasn't boring where you just want to skip it through and

move on, you really want to read it and see what was happening! But there

was only one problem, which caused me to delete the app. When you first open

the app, they ask for your age, one of the options is 18 and under. So I click that

and I start my first story. I really liked it! The story was well played

out and I laughed a little too. But the only problem was that the F word was

put in there at least once in each story. I think that is extremely disappointing

that they would do that. If you click 18 and under, I expect the creators

of the app to eliminate all the F words and maybe more swears, I say this

because 18 and under does include 10 year old, and younger as well. I do not

think it is appropriate to add those types of swears into the younger category.

It's a bad influence on children and really dangerous when you expose them

to that kind of language. So I think that they need to fix that immediately. It

ruined the app experience for me. If they update it, and eliminate the F

word from 18 and under category, I will gladly play it again.

Sincerely,

A disappointed player.
