

## O O bet365

It's a common mistake to think that you can just install any APK file on your Android phone. In reality, you have to enable the "Unknown Sources" option in your settings. If you are an Android user, you have to enable the unknown sources option to open and install apps from APK files. You have to open "Settings" on your Android and go to "Security." There, click on the "allow unknown sources" option and check the box to warn you if the APK file is harmful.
