Understanding Ski Jumping: An Overview

Ski jumping is a thrilling winter sport where athletes descend a steep ramp at high speeds, leap into the air, and aim to land the longest jump possible before gliding to the finish line. But how are these impressive feats measured and scored?

The Measurement of Ski Jumps: K-Point and Beyond

In ski jumping competitions, judges measure jumps from the takeoff to a reference point called the "K-point," which indicates the assessment location for the distance covered by the athlete. The following table illustrates the relationship between jump distance (in meters), K-point, and maximum landing point:

Distance (m)

Distance (m)	K-Point (m)	Maximum Landing Point (m)
100	100	150
200	200	300
300	300	450
400	400	600
500	500	750
600	600	900
700	700	1050
800	800	1200
900	900	1350
1000	1000	1500

So if you're looking for such films then here is a list of our top 15 darkest movies.

Requiem for A Dream (2000)

I Saw The Devil (2010)

Irreversible (2002)

Eraserhead (1977)

A Clockwork Orange (1971)

The Last House on The Left (1972)

Natural Born Killers (1994)

Lilya 4-ever (2002)
