

O O bet365

<p>Bookies set odds for Sporting event, Or ather competitions that Attract betting action. The odds are designed to encourage betting on both sides of an Event; ensuring That the bookie will make a profit Regardless of the outcome! They do this by adjusting the payout: To favor and not a side you think will win - thus ensuring a profit. If you bet on the more likely outcome, the bookie will pay out less, and if you bet on the less likely outcome, the bookie will pay out more. This is how they ensure they will always make a profit.

<p>Bookies also collect a commission, known as the "vig" or "juice". This is the fee that the bookie charges for taking the bet.

<p>It is also important to note that bookies are not always on the side of the bettor. In fact, they are often on the side of the house, meaning they will always make a profit in the long run.

<p>Bookies also collect a commission, known as the "vig" or "juice". This is the fee that the bookie charges for taking the bet. The vig is typically around 2-5% of the total amount bet. This means that for every \$100 bet, the bookie will take \$2-\$5 in commission. This is how they ensure they will always make a profit.
