Story

The game takes place during World War II and its story is divided into

three separate campaigns Soviet, British, German and American each focusing on

different historical events. Soviets start their campaign during the Battle of

Moscow and have German to defend the city, while the British start in North Africa

and are tasked with a sneak attack on Afrika Korps troops. American campaign,

on the other hand, begins during the famous D-Day and takes the player through

other important German events, including the ones revolving around the Hill 400

.

Gameplay

Call of Duty 2 game is a first-person shooter, meaning you will spend

most of your time running from point to point in order to complete your objectives,

killing enemy soldiers in the process. It's important to note that

you are not the chosen one, and you will easily die if you are not aware

if you want to succeed, you have to cooperate with other soldiers, who can draw

enemy fire or lay down covers for you.

The game features a variety of historically-accurate weapons from the WWII

era. Defeated enemies drop their weapons you can pick them up and use,

but you can only wield two firearms at any given time. Combined with limited

ammo, you are encouraged to make use of everything you can find. Defeating

groups of enemies can be done with frag grenades, while smoke grenades provide

tactical cover.
