Playtech live German roulette is streamed from their studio at Riga, Latvia, and is actually the same live roulette Playtech offers in other languages. The game played is a single-zero European roulette, as is the case with all providers listed here.

The general ambiance of the studio is dark and has a modern feel which the other providers don't offer. I am quite keen on the overall modern feel, but not so much the darkness. However over longer playing sessions, it does not tire your eyes, so that's a plus.

The camera changes angles during the spin, with closeups of the roulette wheel given priority. When the ball is about to drop the camera zooms in so you can see the result as it happens.

The playing interface provides more player tools than other providers. This might make the difference for you, so do try out Playtech German live roulette to see how it feels.

Blumgi Dragon is a cute action game where you become all kinds of amazing dragons engaging in thrilling arena battles against bomb enemies! The mission is to rescue fellow dragons captured by these explosive foes.

The gameplay is straightforward: a single tap or click fires a fireball, while another tap teleports you to the fireball's location. The best part? Team up with friends to control your fireball.
