Each Minesweeper game starts out with a grid of unmarked Squares. After clicking one

of these squares, some of the squares will disappear, and some will remain blank.

When you click on a square, it will either have a number or be blank.

The numbers tell you how many mines are adjacent to that square. The squares with numbers are safe to click on.

The squares with numbers are safe to click on.

The squares with numbers are safe to click on.

The squares with numbers are safe to click on.
