How to play with 52 cards? The game is played with a deck of 52 cards. The cards are dealt into a tableau of 10 piles. The first pile is dealt with 10 cards, and the remaining 42 cards are dealt into 9 piles of 5 cards each. The goal is to move cards from the tableau to the waste pile, which is initially empty. Cards can be moved from the tableau to the waste pile if they are of the same suit and rank as the top card of the waste pile. For example, if the top card of the waste pile is the King of Spades, then any King of Spades in the tableau can be moved to the waste pile. The game ends when all cards have been moved to the waste pile.
