Since the game is free, you are not limited by the plot. Once you've defeated all the villains in a mission, you can start a new one. Ben has been using the Omnitrix to transform himself into various creatures from other planets to help him fight alien threats. However, the Omnitrix has begun to malfunction, possibly due to an unknown virus. While Ben is busy fixing it, the enemy is closing in and it's up to you to step in. In Omnitrix Glitch - Ben 10, you'll manually mix molecules, correct the results, and then set out to defeat the enemy.
