div>You can download Google Play Games for

PC from g.co/googleplaygames. After downloading, run the installer

and follow the instructions to complete the installation. Once the process is complete,

you will see a dashboard with a list of games that are available to play

on your PC.

div>div>div>Another option that you have got available

to you when it comes to playing roms on your PC is to use an emulator.

An emulator is actually a program that enables you to operate

certain software program on your PC that will allow you to perform the video game

titles directly.
