O limite de saque excedido é uma mensagem que aparece quando um titular de cartão de débito ou crédito tenta retirar uma quantia de dinheiro que excede o limite de saque diário ou mensal estabelecido pelo banco. Esses limites são impostos como medida de segurança para proteger o titular da conta contra fraudes e roubos. O limite de saque pode variar de acordo com o banco e com o tipo de conta. Algumas contas podem ter limites diários de saque de R\$ 500,00 a R\$ 3.000,00, enquanto outras podem ter limites mensais de saque de R\$ 5.000,00 a R\$ 20.000,00.

Caso o limite de saque seja excedido, a operação será recusada e geralmente o banco enviará uma notificação para o titular da conta informando o motivo do bloqueio. Se a operação for realizada em um caixa eletrônico, a mensagem "limite de saque excedido" será exibida na tela.

Caso você receba essa mensagem e acredite que não deveria haver um limite de saque em sua conta, entre em contato com o seu banco para obter informações adicionais e solicitar a revisão do seu limite de saque.
